Since 2001 Harmen Abma (1971) works as a Research and Development Engineer for the National Aerospace Laboratory NLR in Amsterdam, The Netherlands. He started his career in 1996 as a training consultant for Postbank and later worked a knowledge manager for ING Group's Economics Department.

In his current position of Senior R&D Manager Mr. Abma acted as a project leader for two consecutive winter exercises that NLR organized for Schiphol Airport, Air Traffic Control The Netherlands and KLM using NARSIM Tower (2005 and 2006). In the ten years he worked at NLR he conducted a vast number of projects in the field of civil and military aviation training.

Mr. Abma holds a Master's Degree in Educational Science and Technology from the University of Twente (Enschede, The Netherlands).
