Ms. Narjess Teyssier
Chief Economic Analysis and Policy
International Civil Aviation Organization (ICAO)
Montreal, Canada

NTeyssier@icao.int

Ms. Narjess Teyssier is Chief Economic Analysis and Policy for the International Civil Aviation Organization (ICAO), a specialized agency of the United Nations, located in Montréal. In this role she is responsible for the Statistics Programme, the forecasting activities and the economic studies of ICAO, enabling the monitoring of the Strategic Objectives of the Organization, including, Environmental protection and Sustainable development of air transport. In addition she is also in charge of the economic regulation of international air transport services by developing and providing ICAO policies and guidance on various areas, such as user charges and taxation of international air transport.

Prior to this appointment, Mrs Teyssier has held a variety of marketing, sales and market research positions in the air transport industry, notably in a regional air carrier and in Airbus where she worked for over seven years.

Ms. Teyssier holds a degree in Aeronautical Engineering from an aviation French school, École Nationale de l'Aviation Civile (Toulouse, France), as well as a Research Masters degree in transport Economics from École des Ponts Paris Tech (Paris, France) and a Masters degree in air transport management from the business school ESC (Toulouse, France).
