Manfred Birnfeld has been a flight test engineer with Airbus' flight test division since 1991. Prior to this role, he worked on the A310 and A320 programmes.

Manfred Birnfeld began his career in Airbus as an engine performance specialist and integration engineer. After successfully completing the flight test engineer's course at l'Ecole du Personnel Navigant d'Essais et de Réception (EPNER) in 1991, he joined Airbus' flight test division as a flight test engineer. During his career at the company, Mr Birnfeld has participated in the maiden flights and certification of a number of Airbus aircraft including the A321 in 1993, the A319 in 1995, the A318 in 2002, and the A380 in 2005. He has accumulated over 3800 hrs of test flying on all Airbus types.

Manfred Birnfeld was born in Juenkerath, West Germany in 1954 and obtained an engineering degree at Aachen's University of Applied Science in 1979. He is married, has two children and lives in Toulouse-Blagnac, France.
